Welcome to Valley Forge National Historical Park.

Leave your vehicle behind and enjoy using almost 20 miles of trails to visit historic and natural sites in the park!

Staff at the Welcome Center and at Washington’s Headquarters can answer your questions between 9:00am and 5:00pm.

To ensure your safety and to protect sensitive historic and natural resources in the park, you must abide by these common-sense regulations:

Some trails are closed to bike use. They were closed because they are unsafe and cannot be made safe, or because riding bikes on the trails destroys natural or historic resources. If a trail is not shown on this map, bicycle use is not permitted. Please be a part of protecting your natural and cultural heritage by staying off closed trails.

Parking is permitted only in areas shown on the map. Parking on the grass damages cultural and natural resources and is prohibited.

The use of skates, in-line skates, skateboards, and roller skis endangers other trail users and is prohibited throughout the park.
