

Hill School Boat Club Erg-A-Thon

On Saturday, January 26th, the members of the Hill Crew Winter Erging Program will be participating in an Erg-A-Thon to raise money for the Schuylkill River Greenways. Every athlete will be on the ergometer for 30 minutes and will attempt to row as many meters as they can in that time. All ergometer screens will be projected on a large screen, so each athlete will have the opportunity to race in real time against their teammates, and spectators will be able to view their progress.

The Event: 10:00 am, Saturday, January 26th, 2019 in Mercer Fieldhouse

- 30 min Erg Test – SPECTATOR FRIENDLY!
- Learn-To-Erg classes by our coaches and athletes. Come hop on an erg and learn how to row!
- Try our new Concept2 ErgBikes!
- Boat and Oar Display – Two of our new racing shells will be on display for all to see
- Oar Painting outside (weather permitting)
- Snacks and MUSIC!

We hope you can come down and support your classmates and learn a little about our sport!

The Charity:

The mission of the Schuylkill River Greenways National Heritage Area, a 501(c)3 headquartered in Pottstown, is to connect residents, visitors and communities to the Schuylkill River and the Schuylkill River Trail. This in turn is a catalyst for civic engagement and economic development that fosters stewardship of the watershed and its heritage. The Schuylkill River is the lifeblood of our sport and has played a vital role in the economic development of our town.
